Highway Construction Careers Training Program

- Do you have a valid driver's license?
- Are you 18 years or older, have your high school diploma or GED, and have an interest in working in the construction trades?
- Would you like to learn how to participate in the Highway Construction Careers Training Program?

If YES, attend a session!
A Highway Construction Careers Training Program has been implemented to increase the number of minorities, women, and disadvantaged individuals working on IDOT highway construction projects.

The training consists of an intensive 12-week program to learn the skills necessary for acceptance in the trades and the opportunity for a career with high wage earning potential. The training includes, but is not limited to:
- Math for trades
- Job readiness
- Technical skills coursework
- OSHA 10-hour certification
- First Aid/CPR certification

Job Placement Opportunities
- Laborers
- Operating Engineers
- Ironworkers
- Carpenters
- Cement Masons
- Electricians
- Sheet Metal Workers
- Bricklayers
