Orientation – A short orientation will be part of the first meeting.

Project -- Bring your project to the first meeting to work on after the orientation. A stool, bench or small chair is a good starter project. If you bring something larger, please understand that you probably won’t complete it within the 8 week workshop.

Fabric -- Instructor will discuss fabric options during orientation and recommend how much to purchase.

Tools -- Some tools and supplies are available for purchase (check or cash) at the workshop. Please bring the items below if you have them.

- Regular flat blade screwdriver
- #2 Phillips screwdriver
- Good Scissors
- Regular Pliers
- Metal Tape Measure or fabric tape (1/2 inch tape width is best)
- Tool box or something to carry tools in
- Old blanket, sheet, or rug
- Gloves - thin pair to prevent blisters
- Safety glasses (not required, but good to have)
- Notebook
- Pencil

Dress -- Wear comfortable clothes with no concern about getting dirty.

Food & Drink – It’s OK to bring food with you. Birchwood Café is located in Birch Hall. From A129, go inside Arbor to the 2nd floor. Follow the corridor and signs to Birch Hall.
