Help Tell Our Story!

In just a few short years, Illinois Central College will celebrate its 50th anniversary! We’re gathering information, stories, and past memories of the College to be included in the official ICC history. If you have a special ICC story to share, a recollection of historic event at ICC, or just a fond memory of your time here, please drop us an email at 50th@icc.edu. Include your name, years you attended or worked at ICC, and how to contact you. You never know, your story could be included in our book!

Personnel Changes at ICC

William Tammon, PhD, has been named Interim President for Illinois Central College following the retirement of Dr. John Erwin. Tammon has served as Provost at the College since 2006.

Susan Portscheller has been elected chair of the ICC Board of Trustees for the next academic year. Frank Mackaman, PhD, joins the Board of Trustees following local elections held in April. Katherine Coyle retired from the Board after six years of service. Trevor Mileur also retired after serving three years as student trustee on the Board. He will be transferring to Stanford University this fall. Rachael DeLost replaces Trevor as student trustee.

Jeremy Steed has been named the director of on-campus living for ICC. Steed will be in charge of the student residences located near the campus.

COLLEGE NIGHT 2015

Wednesday, October 14

Illinois Central College

Visit with over 80 college and university representatives.
The ICC Arts & Communication Department has a rich history of enhancing the arts community and expanding education beyond the classroom. We strive to create opportunities for students to share in artistic performance to gain real-world experience in front of audiences and for the benefit of the community. We’ve named our collective effort Arts at ICC. Arts at ICC annually presents more than 500 performances, lectures, meetings, rehearsals, seminars, master classes, clinics, receptions, orientations, forums, auditions, and tournaments.

Some Arts at ICC events require tickets. Tickets for on-campus events can be purchased three ways:

Hickory Hall is your home base on the Illinois Central College North Campus for the majority of Adult Community Programs. You will find close, convenient parking, modern, well-lit classrooms, and comfortable lounges to gather with fellow participants for coffee.
Digital Photography – Intermediate
If you have a basic understanding of your camera and want to learn how to do more and improve your photographic eye, this workshop is the next step. Composition and exposure control will be explored in depth with the “best picture in camera” as the goal. It’s recommended to have taken the Digital Photography Basics class first. Bring your camera, a charged battery, a fresh SD card, and camera manual each week. One or more sessions will be offline class meetings.

Cost: $114
- Wednesdays, September 9 - October 28 (skip 9/23 & 9/30)
- 6:00 pm - 8:00 pm
- ICC North; Ann Conver

Old Photographs – Digitizing & Restoration
If you’ve taken Photoshop Elements for Beginners class and have a sound understanding of the program, you’ll enjoy learning how to work with old photos. Participants will bring 3-5 photographs to restore or convert to digital files, and a jump drive for saving images. The three main topics covered will be (1) scanning photographs to create digital files (scanner provided), (2) copying photographs to create digital files (if you want to use your digital camera to digitize photographs, bring it with a fresh memory card and fully charged battery), and (3) restoration techniques using Photoshop Elements.

Cost: $80

- 1:00 pm - 3:00 pm
- ICC North; Ann Conver

Black and White Photography
Explore the wonders of black and white photography. In this advanced photography topic, you’ll learn to get the best black and white image in camera. Camera settings will be discussed; a tripod is a must. Most of the time will be spent shooting the urban landscape in black and white.

Cost: $80
- Mondays, September 14 - October 19 (skip 9/21 & 9/28)
- 6:00 pm - 8:00 pm
- ICC North; Ann Conver

Manual Mode Photography
Manual mode on your camera is used to more fully understand how f/stop and shutter speed, manual focus, and white balance interact to craft the image without relying on the camera maker’s idea of the best capture. This knowledge will enable you to use the semi-automatic modes and features more successfully to achieve the best picture in camera. We’ll meet in the classroom for the 1st and 4th sessions.

Cost: $80
- Wednesdays, July 22 - August 19 (skip 8/5)

Photographing Your Cousin’s Wedding
You have a nice camera and your family loves all your photographs. Your cousin is getting married on a shoestring budget and asks if you will photograph her wedding. You say “yes” because you want to help. The next day you ask yourself, “What in the world was I thinking?” It is now too late to back out. Learn the basic “dos” and “don’ts” of a small family wedding, providing you with an outline for the wedding and hands-on shooting experience. Bring your camera, charged camera battery(s), fresh memory card, and external flash and diffuser (if you have).

Cost: $40

Top Hat (1935)
Song and dance man Jerry Travers (Fred Astaire) is in London to open his show, produced by his good friend Horace Hardwick. He stays in Horace’s suite the night before the show opens and becomes enamored with the woman in the suite below theirs, Dale Tremont (Ginger Rogers). Due to a mix-up, Dale believes that Jerry is Horace. The only problem is that Horace is married to her old friend Madge, and so Dale decides to teach him a lesson. After much singing and dancing, they eventually sort it out.

Petulia (1968)
Set during the swinging sixties in San Francisco, Richard Lester’s landmark romantic drama tells of the charmingly kooky socialite Petulia (Julie Christie), who has been recently married to David (Richard Chamberlain). Unhappy with her marriage, she embarks on a love affair with a melancholy recently-divorced doctor (George C. Scott) as they try to make sense of their dispassionate lives. Through Nicolas Roeg’s cinematography, the non-linear, fragmented love story loops back and forth and the dark reality emerges from the idyllic façade of sixties opulence. As the story of Petulia’s abuse at the hands of her husband unfolds, the lovers try to find the courage to change the course of their lives in the face of their respective demons.

Basic Plant Care Principles

More water? Less sun? Should I give it plant food...how much and what kind? Luckily, some plants actually survive our trial-and-error techniques. All plant groups have the same elemental needs of water, light, food and air, but the quantity and intensity of each of these elements varies greatly. This hands-on workshop covers basic plant care principles such as light, watering, feeding, repotting, soil needs, propagation, and insect and disease problems of popular plants. Learn the difference between annual, perennial, biannual, vines, volunteers, house plants, edibles, cactus, and succulents. Feel free to bring leaves from troubled plants for diagnoses. Introduction to Tree Identification

Enjoy the beautiful fall foliage while learning to recognize Central Illinois' native trees. This workshop will begin at the ICC Land Lab where we will discuss tree types, how names can give you clues about the characteristics of trees and interesting tidbits about their use. After classroom discussion, participants will take a short walk through the ICC nature trails and identify trees that frequently occur in this area. We will discuss native and non-native species as well as those that are excellent landscape selections. Participants should wear comfortable shoes, and consider bringing a bottle of water. The outdoor walk is optional.

History
The Lincoln Conspirators
Less than six hours after the assassination of President Abraham Lincoln, Secretary of War Edwin Stanton and federal officials began the largest manhunt in United States history. From April 14 to July 7, 1865, Americans watched as Confederate sympathizers, who set out to destabilize the federal government, were brought to justice. This class will discuss the investigation, capture, arrests, military tribunal, sentencing, and execution of the conspirators. We will examine each conspirator’s role in the assassination plot, the decision to try the conspirators before a military commission instead of a criminal court; and the various conspiracy theories that linked Lincoln’s death to key figures during this time in history.

The Civil War Congress
Today’s political climate leaves Congress in constant gridlock and with a reputation of achieving little. By contrast, the 37th Congress, elected in the fall of 1860, was the most productive Congress in U.S. History. This class will examine the accomplishments and failures of the 37th Congress (1861-1863), the 38th Congress (1863-1865), and the three Confederate Congresses. The Civil War forced congress on both sides to spend most of their time focusing on the war effort. However, congress did successfully push through legislation that moved the nation forward with the Homestead Act and the Pacific Railroad Act uniting the East and West coasts.

Illinois in the Civil War
Illinois was a major source of manpower and supplies during the American Civil War. From the most popular figures, such as Abraham Lincoln and Ulysses S. Grant (who claimed Illinois as their home) to the lesser known, but equally important figures, such as the thousands of men and women who fought in the ranks of the Illinois regiments. Join us to discuss the memoirs of Illinois soldiers and review the economic, political, social, and cultural impacts that plagued Illinois during the war.

Stealing Lincoln’s Body – A Book Discussion and Day Trip to Lincoln’s Home & Tomb
While Abraham Lincoln rests peacefully in his tomb in Springfield that was not always the case. This course blends book discussion and a historical trip to immerse all participants in truly grasping the shocking story of how counterfeiters from Chicago devised a plan to steal Lincoln’s body. By reading Thomas J. Craughwell’s Stealing Lincoln’s Body, participants come to realize the magnitude of the crime and its impact on Mary and Robert Lincoln. The week following the book discussion, a trip will be taken to Abraham Lincoln’s home and tomb, where Craughwell’s book comes to life. In Springfield a lunch stop at Obed & Isaac’s Microbrewery and Eatery will be at your own cost. Book, transportation on the ICC CougarBus, guided tours, and entrance fees included. Please pick up your copy of Stealing Lincoln’s Body on or after June 29 at the front desk of Hickory Hall. NOTE: Registration ends June 25.

Effective July 1: ICC is Smoke Free/Tobacco Free

Illinois state law requires all college campuses to be completely smoke free and tobacco free beginning July 1, and Illinois Central College has revised its current policy to comply with the law. ICC’s Board of Trustees recently passed a smoke free/tobacco free policy prohibiting the carrying, usage, burning, inhaling, or exhaling of tobacco or related products on college grounds. The policy is in line with state law, which prohibits the usage on campus of tobacco products such as cigarettes, cigars, pipes, cigarillos, smokeless tobacco, chew, snuff, herbs, hookah-smoked products, cannabis (including medical marijuana), and all forms of e-cigarettes or personal vaporizers.

Students and employees in violation of the law are subject to a College Regulations Violation Notice ($25 fine) and/or other disciplinary action as deemed appropriate by the ICC administration. Visitors and members of the public in violation of the policy may be required to leave the campus.

For more information on ICC’s Smoke Free/Tobacco Free Campus policy, go online to icc.edu/tobacco-smoke-free.
