Illinois Central College

College for Kids
4th-9th Grades

Session 1 - June 15-25
Session 2 - July 13-23
Dear College for Kids Students and Families,

Welcome to ICC College for Kids 2015! We are looking forward to another great summer. The 2015 program offers a broad range of classes that will challenge students in academic areas, and will also offer creative and interesting classes in the fine arts, sciences, technology, math, and so much more.

Students entering grades 4 through 9 in the fall can choose from one to three classes per session. Each 2-hour class meets Monday through Thursday for two weeks on the East Peoria campus. Classes are led by highly qualified instructors. Club CFK is offered Monday-Thursday from 3:15-5:00 pm for those wishing to extend their day at College for Kids. Classes do not meet on Fridays, but students are welcome to join us for a Friday Field Trip. Please refer to the Friday Field Trip section for additional information.

In an effort to ensure that all students have a safe and positive experience at College for Kids, we do require attendance at one orientation with your student.

For additional information and details, please refer to the CFK website at icc.edu/cfk or give us a call at (309) 690-6900.

Thank you for sharing your children with us! We look forward to seeing you this summer!

Best Wishes,

The College for Kids Staff

Register early! Class sizes are limited.
General Information

Daily Schedule Monday-Thursday
(CFK classes do not meet on Fridays)

| Class 1 | 8:15-10:15 am |
| Class 2 | 10:30 am-12:30 pm |
| Lunch  | 12:30-1:00 pm |
| Class 3 | 1:10-3:10 pm |
| Club CFK | 3:15-5:00 pm |

Classes are held at the East Peoria campus.

Friday Field Trips are offered weekly during each session of College for Kids.

Orientation Options

Choose only one orientation to attend with your student.

Location: Tranquility Room located next to the cafeteria through the main entrance.

What to Bring: A copy of your class schedule, completed Emergency Medical and Assumption of Liability Release forms. Classroom numbers will be given at Orientation.

Orientation with campus tour – Recommended for those new to College for Kids.

Saturday, June 13 9:00-10:30 am
Saturday, July 11 9:00-10:30 am

Orientation, no campus tour – Recommended for returning College for Kids participants. Attend the session that begins before your first class of the day.

Monday, June 15
Monday, July 13
8:15 class orientation: 7:30-8:15 am
10:30 class orientation: 9:45-10:15 am
There is no orientation for the 1:10 class.

PARKING LOT B IS THE ONLY DROP-OFF/PICK-UP LOCATION FOR CFK

Our online video shows you how to get to College for Kids and the locations for drop-off and pick-up.

Drop-off - CFK Tent in Parking Lot B no earlier than 15 minutes before your first class.

Late arrivals - Escort your student to the Homeroom in 303A to receive a pink attendance slip. Late students will not be allowed into their classroom without an attendance slip. Do not send late students to class alone. For their safety we need to have accurate attendance.

Pick-up - CFK Tent immediately after the student’s last class of the day. Students waiting more than 15 minutes after class is dismissed will be escorted to the homeroom. You will be required to come to the CFK Homeroom to sign out your student.

*Please note that these procedures are for the safety of our students.

Registration and Required Forms

Registration opens Wednesday, March 11. Enrollments are limited. Registration will close at Noon on Saturday, June 13, for Session 1 and at Noon on Saturday, July 11, for Session 2.

3 Ways to Register

Online at icc.edu/cfk
By phone at (309) 690-6900
Walk-in at ICC North Hickory Hall, 5407 N. University, Peoria. Office hours are Monday through Friday, 8:00 am to 4:30 pm.

Please provide a valid email when registering. A confirmation receipt will be emailed when your registration has been processed and full payment is received. Your receipt will include a link to the required College for Kids forms. Print and complete the Emergency Medical form and Assumption of Liability Release. Return completed forms when you attend an orientation. Additional forms may be printed from our website at icc.edu/cfk.

Fees

Each Class – $75 per session
Club CFK – $65 per session
Friday Field Trips – $65 per trip

Visa, MasterCard, Discover, personal check, and cash are accepted. Payment is expected at the time of registration. Enrollment is not guaranteed without full payment.

Lunch

All College for Kids students eat lunch in the Tranquility Room located next to the cafeteria.

There are THREE options for lunch:

1. Café Cash Gift Card - You choose the amount to put onto the gift card. Students use the card to buy their own choice of lunch from the cafeteria. Café Gift Cards may be purchased in the cafeteria at your convenience prior to the start of College for Kids or at Orientation. Café Gift Cards cannot be purchased online. Cash, check, and debit/credit cards are accepted.

2. Cash - Used in vending machines and the cafeteria.

3. Bring your own sack lunch. You are responsible for keeping track of your lunch. We do not have lunch collection bins or access to a refrigerator. It is strongly recommended that students do not bring or purchase energy drinks while attending College for Kids.
Refunds and Cancellations

Requests for a refund must be received five (5) business days before the first day of each session. Refunds will not be issued after the deadline dates listed: Session 1: June 8, Session 2: July 6. Requests may be made by phone at (309) 690-6900. College for Kids reserves the right to cancel a class due to low enrollment.

Scholarships

Limited scholarships are provided by the ICC Educational Foundation. The scholarship amount is $50 per class with a maximum of two scholarships per child, not to exceed a $100 total. Limit of four scholarships awarded per family, not to exceed $200 total. Additional classes will be charged at full price. Club CFK and Friday Field Trips do not qualify for scholarships. Scholarships are awarded on a first-come, first-served basis and are subject to availability of funds and verification of financial need.

Scholarship application is available online at icc.edu/cfk or call (309) 690-6914 for additional information. Do not register online if you are requesting a scholarship.

Attendance

Attendance will be taken at the start of each class period. Absences or late arrivals must be called in to the CFK Homeroom at (309) 694-8880. If you arrive more than 15 minutes after class begins, you must escort your child to the homeroom in 303A. Your child will receive a pink attendance slip that will be given to the instructor. Late arrivals will not be allowed into the classroom without an attendance slip. Accurate attendance is important for the safety of our students.

Discipline Policy

Appropriate and respectful behaviors are expected while attending CFK. Students that do not uphold these expectations will be escorted to the CFK Homeroom. It will be the students’ responsibility to contact their adult caregivers to explain why they were removed from class. Students will be allowed to return to class when they are able to agree to improved behavior. Continued disruptions may result in the student’s permanent dismissal from College for Kids with no refund given. Illinois Central College has a Zero Tolerance policy in that no weapons (i.e. knives, guns of any kind, etc.) are allowed on campus. Any student choosing not to abide by the rules and regulations of Illinois Central College will not be allowed to return to College for Kids. These policies help ensure the safety of our students and staff.

icc.edu/cfk
Cheer Up!
Grades 4-8  8:15
Hey girls! Want to learn how to bring it on just like the cheerleaders in the movies? Learn how to do jumps and basic cheer movements as well as numerous chants and a full cheer to take back to your school – or share with friends! A hip-hop dance routine will help you kick up your dance moves and boost your confidence. There will be a performance for friends and family so you can show off your new moves! Perfect for those who want to explore cheerleading or just improve your skills.

KidKnits
Grades 4-6  1:10
Learn a new craft, make a hat or two, and learn about different cultures of the world. Your handspun yarn and loom are purchased through the fair trade import from women living and working in small villages in Chile and Rwanda. KidKnits was founded by a nine-year-old knitter, Ellie, who believed that “you’re never too young to change a life on the other side of the world.” Join us for KidKnits and be a part of the change!

Fun with Crafts
Grades 4-6  8:15  NEW!
Bring your creativity and enjoy using your imagination as you cut, paint, glue, and arrange original crafts. You will complete several projects that can be taken home and displayed for family and friends. There will be plenty to keep you busy while you enjoy making new friends and awesome crafts!

Fun with Foods
Grades 4-6  10:30  NEW!
Get crafty with food! Use graham crackers, pretzels, icing, “dirt”, and more to create artwork you can display and eat. You will have fun working in teams as well as individually. This class will satisfy your sweet tooth and your artistic side!

Fashion Design
Grades 4-6  1:10
Do you like to draw and design fashions? Learn to draw and design just like the pros. Experiment with different fabrics, trims, and accessories as you design your own fashion line and create garments using 1/4-size dress forms. Take a look at the current fashion trends and learn about the fashion industry. If you are ready to design and create fashions, this class is for you!

Sew Fun
Grades 4-5  1:10
Grades 6-7  10:30
Grades 8-9  8:15
Looking for something new to do this summer? How about learning to sew! Learn to operate a sewing machine, do hand stitching, and learn to read and follow a pattern. Bring an old pair of blue jeans that can be transformed into an eco-friendly tote. Use your new or improved sewing skills to make something unique and all your own.

Beginning Chess
Grades 4-6  10:30
In this class students will learn the basics of chess in a fun way! Explore the history of this game, while learning different strategies to beat an opponent! Chess helps build creativity, independent and logical thinking, spatial imagination, and perseverance. Come learn one of the world’s most intellectual and challenging games.

A Crafty Year
Grades 4-7  1:10
Get crafty this summer while you enjoy meeting new friends and having fun! Join us as we create crafts that you can give as gifts or keep for yourself. We will make crafts for Valentine’s Day, 4th of July, Halloween, Thanksgiving, Christmas, birthdays and more. If you like to cut, glue, arrange, and create then this is the class for you!

Dude Foods
Grades 7-9  10:30
When hunger strikes, you will be ready! This cooking class just for boys will teach you basic cooking skills and how to prepare some simple snacks and meals. From nachos and dips to sliders and desserts, impress your family and friends with your new culinary skills!

Fun with Balloons
Grades 4-9  8:15
Join the "pop" culture by exploring the fun of balloon twisting and balloon sculpture. Balloon twisting and sculpture is a fun activity which also helps children with manual dexterity, self-esteem, and even structural engineering. Learn the secrets of balloon art as a professional balloon artist shows you the basics of twisting balloons into simple objects, animals, and complex structures. It is a fun hobby that can last a lifetime.

Cake Decorating
Grades 5-8  1:10
Learn the basics of cake decorating using templates from Wilton. Students will have the chance to practice on cupcakes, cookies, and a cake three times throughout the class. We will look at techniques related to basic icing, flowers, and borders. Students will also observe and discuss decorating ideas using candy and other materials, as well as gleaning ideas from shows like Cupcake Wars.
Computers and Technology

Digital Scrapbooking
Grades 4-7 1:10
We have taken scrapbooking to a whole new level! Digital scrapbooking has become very popular over the past couple of years; it's fun, exciting, and easy to learn. We will create memories from pictures that you have saved to a flash drive. We can even scan your pictures during class and upload them into your digital scrapbooking pages. It's that easy! Have your photos saved or have photos ready to scan when you come to class on the first day. Let's get started creating memories that will last a lifetime. Come join us and have some fun. You will be amazed at what you have created!

Robot Revolution
Grades 4-6 10:30 JUNE ONLY
Grades 6-8 8:15 JUNE ONLY
Grades 6-8 1:10 JUNE ONLY
We are experiencing an explosive growth of robotics both at home and at work. Join us to experience this robot revolution in action. We will explore three old friends: Spider III, Hyper Line Tracker and the Robotic Arm Trainer. These favorites will be joined by five new robots to explore: Rockit Robot, Jungle Robot, Wall Hugging Mouse, Soccer Pro Robot, and Sound Activated Walking Robot. Students will learn robot history and do hands-on exploration activities to discover real world uses for robots in this exciting age of robotics.

Game Maker
Grades 4-6 8:15
Grades 4-6 10:30
Have you always wanted to design computer games, but you don't want to spend a lot of time learning how to become a programmer? Then you've come to the right place. Game Maker is a program that allows you to make exciting computer games without the need to write a single line of code. You can make games with backgrounds, animated graphics, music, and sound effects. Once you get more experienced there is a built-in programming language that gives you full flexibility. Game Maker can be used free of charge and you can use the games you produce in any way you like—you can even sell them!

Advanced Game Maker
Grades 7-9 1:10
Prerequisite: Game Maker (or instructor's permission). Advanced Game Maker shows you how to create several exciting games using new graphics while advancing the skills you learned from Game Maker. This class covers a range of genres, including action, adventure, and puzzle games, complete with professional quality sound effects and visuals. It discusses game design theory and features practical examples of how this can be applied to making games that are more fun to play. Game Maker allows games to be created using a simple drag-and-drop interface, so you don't need to have any prior coding experience. It includes an optional programming language for adding advanced features to your games when you feel ready to do so.

Computer Aided Design CAD
Grades 6-7 10:30
Grades 8-9 1:10
Students will enjoy activities that include creating mechanical images used in careers like engineering and manufacturing. You will be introduced to the units of CAD navigation, drawing basic objects, modifying objects, orthographic projections, isometrics, and dimensioning. AutoCAD will be the principle software used.

Web Design
Grades 7-9 8:15
Give your “techy side” a boost by creating your own eye-catching website while learning Basic HTML coding. Students will markup text, add images, incorporate sound files and animated pictures, and link those elements together to form a website that is truly fun and unique. Web Design proves to be a great project-based tool for strengthening problem-solving and organizational skills.

Computer Programming with Etoys
Grades 7-9 10:30
Are you a right brain and left brain person? Do you have a need to create and use your powers of logical thinking? Then this course is for you! Here you will learn the basic skills of computer programming. You will sketch your own worlds and elements. Then you will learn how to program their movements and actions just like the pros. You can also create animated storybooks. If you wish, your finished projects will be submitted to Etoys Illinois, a collaboration with the University of Illinois and Google, to be posted on the World Wide Web for all to view. An awesome experience awaits you!

Start from SCRATCH
Grades 4-6 8:15
Programming made easy is what Scratch is all about. Scratch is a dynamic programming language that allows students to create animations, games, interactive stories, music, and art. Students will unleash their creative potential utilizing the programming tools that Scratch provides. Scratch is developed by the Lifelong Kindergarten Group at the MIT Media Lab.
Foreign Language

German for Fun
Grades 4-9  10:30   JULY ONLY
Speaking German is fun! Conversations will be a big part of this class with enhanced vocabulary including numbers, time, colors, food, days, months, seasons, school objects, and weather expressions. Listening and speaking skills are practiced through role-playing, games, songs, and poetry. There will be awards and prizes for all!

French for All
Grades 4-6  10:30
Learn French the fun way! Through a variety of games and activities you will learn the French alphabet, numbers, colors, conversational phrases, and more. The class will also learn and perform a short play—all in French, of course!

Fantastic French
Grades 7-9  1:10
NEW!
This is the place to be whether you are learning French for the first time or want to review what you already know. Class lessons will focus on alphabet, colors, vocabulary for conversation, travel, and more. In addition to our classroom learning, we will spend time online researching a variety of free websites available for foreign language learning.

Language Arts

Amazing Authors
Grades 4-5  8:15
NEW!
Calling all writers! In this class students will create several types of writing, from poetry to nonfiction pieces. Students will also have the opportunity to read an award-winning novel in class and apply literary elements to their writing. Each student will take home a portfolio of their writing at the end of class.

Write On!
Grades 4-5  10:30
Do you like to write? Do you need some fine-tuning of your writing skills? Either way this class is for you! Students will have the opportunity to learn new forms of writing and ways to make their writing the best it can be. Come ready to have fun and to discover the writer in you! You will have a portfolio of writing to take home at the end!

Percy Jackson
Grades 5-7  8:15
Join us at Camp Half-Blood as we read, or reread, the chronicles of Percy Jackson, focusing primarily on The Lightning Thief. Campers will help Percy outsmart the gods through different activities, including film snippets, snacks, and crafts. We will explore elements of the classical hero’s quest portrayed in a modern-day setting, and discuss issues such as learning disabilities, the nature of family, and themes of loyalty, friendship, and faith, just as Percy does.

Work Smarter
Grades 6-7  8:15
Grades 8-9  10:30
Learning to work smarter will be one of the best things you do for yourself this summer! You will learn study skills, strategies, habits, attitudes, and self-awareness that will serve you through your high school and college careers. We’ll practice goal setting, time management, organization, memory, reading strategies, note-taking skills, test-taking skills, researching and writing, and learning to reduce test anxiety. This class will help you be a more efficient student!
Starving for the Hunger Games
Grades 7-9  1:10
Prepare for the journey into Panem! If you enjoyed the Hunger Games series, this class is for you. We’ll look at some of the inspirations Suzanne Collins used in writing the books, take a look at some examples of dictatorships throughout history, and build some of the things used in The Arena. Come prepared to dive further into the books than you imagined and be prepared for the odds to ALWAYS be in your favor!

Harry Potter Unveiled
Grades 6-9  8:15
Expelliararmus! Come arm yourself against the dark arts in a course that explores the world of Harry Potter with a critical eye. Take this opportunity to examine everyone’s favorite series, and see what makes this story a timeless epic. You’ll get to join the house that fits your personality, play games against your rivals, and conjure up spells that bring your magical fantasies to life. We will focus on Harry Potter and the Goblet of Fire, but wizards and witches of all experience levels are encouraged to join.

Super Heroes as American Mythology
Grades 6-9  8:15
In the same way Zeus and Poseidon come down to us from the Greeks, Superman and Batman and the X-Men represent our unique American mythology. Through daily discussions and activities learn about the Golden, Silver and Bronze Age of Comics and the historical events that influenced their development and characters. You will use current events to create your own original 21st century hero or villain and present them on the last day of class.

Write Now!
Grades 6-9  10:30
Improve your writing skills while pushing your creative limits. Explore the possibilities of fiction, non fiction, poetry, and more. Discover your own voice and vision, express ideas in new ways, and give your writing a new creative edge. There are no grades, no exams, no wrong answers – just creative writing. Class is taught by a published author adept at helping young writers discover and develop their unique literary talents.

Classic Literary Themes in Modern Mediums
Grades 6-9  1:10
From Aristotle and Horace to Maleficent and The Lego Movie, learn how classic literary elements can be seen in your favorite books, movies and TV shows. Being able to identify these structures and devices is essential to understanding, reviewing, and appreciating classic literature. If you love to read and write, this class will significantly enhance your own creativity and improve your writing skills.

Math Trick or Treat
Grades 4-6  10:30
Let’s use math tricks in the kitchen to create some treats. We will review fractions, conversions, multiplication, and division and learn to read amazing math “recipes” (story problems). To finish off this class, we will eat and make our math worries disappear.

Junior Achievement: More Than $$
Grades 4-6  1:10
Learn about earning, spending, sharing, and saving money. Through a series of fun, hands-on activities and games, you will learn to manage a bank account and identify personal skills and interests. This class will also connect students with possible business opportunities, help them learn about market research, identify the basic steps for starting and operating a small business, practice making smart consumer decisions, and learn to recognize deceptive advertising and the importance of ethical business practices.

Risky Business
Grades 5-8  10:30  JUNE ONLY
Buy low, sell high! Meet the Bear and the Bull. Wipe those Wall Street blues away as you learn about business and economics and invest in your future! Create your own companies and participate in a simulation stock market game. Earn play money and then spend it during a live auction the last day of class.

Arithmetic ABC’s
Grades 6-9  10:30
Improve your basic math skills! In this class you will cover PEMDAS and be introduced to geometry, algebra, and other essentials related to Common Core. This class is perfect for students needing a refresher in math or for those who have never had algebra or geometry.

Algebra and All Its Excellence
Grades 7-9  10:30
Have you always enjoyed algebra and find you want to know more? We will take what you already know and have learned in school and use the concepts to work our way through complex math situations. You will work together with other algebra enthusiasts to solve complicated math problems and discover new ways to use math. Throughout this course, we will complete mini-projects on topics such as the true cost of smoking, calorie content in common foods, sports data, and so much more! If you love algebra, you will enjoy this course. Note: All of these projects are aligned to the new Illinois Learning Standards.

Math Mysteries
Grades 7-9  10:30
Use your math detective skills while solving mysteries or figuring out why an equation works. You will investigate several topics in Algebra including adding and subtracting integers; PEMDAS; 1, 2, and multi-step equations; basic probability; inequalities; and slope.
Math Scene Investigation  
Grades 7-9  8:15
Do you like to investigate things? Think like a forensics expert in solving problems with math. Learn how to find the missing number in an equation; find the missing words in a story problem; and create graphs, charts, and more. Learn how to use math to solve everyday mysteries both real and imagined. Join us as you become an MSI for CFK.

Art from Geometry  
Grades 7-9  1:10
Discover how geometry is all around us! Students will use different concepts of geometry to create unique pieces of art. Learn how math and art are closely intertwined by creating tessellations, perspective art, optical illusions, and more. We will use hands-on activities and real life examples to improve our basic geometric thinking skills.

Science and Social Sciences  

Junk Battles  
Grades 4-6  8:15
Grades 4-6  10:30
“To invent, you need a good pile of junk.” – Thomas Edison. You will be challenged to create devices that will accomplish a task using only the “junk” provided. Using your science and engineering skills, you will be a contender in the Bridge Challenge, Marvelous Marble Maze, Drop Zone, and many more battles. We’re looking forward to building with you!

CSI: Dallas  
Grades 6-9  1:10
John Fitzgerald Kennedy, the 35th President of the United States, was assassinated at 12:30 p.m. on Friday, November 22, 1963, in Dealey Plaza, Dallas, Texas. Who was responsible? Did Lee Harvey Oswald act alone? Was it a conspiracy? Investigators have asked these questions for years. Become a crime scene investigator and join us as we review the evidence in a murder case that has left historians without an official verdict. Maybe you will be the one to solve this 50-year-old case!

Great Debates  
Grades 6-9  10:30
"All you like to do is argue!" “You just won’t stop until you have the last word!” If you hear these phrases frequently, this is the class that will put your confrontational skills to good use! Great Debates informs students about topics that relate to social studies and then lets them verbally duke it out. Students will debate on a range of topics that date from Christopher Columbus to modern politics. This class will not follow strict school debate rules, but will instead encourage students to speak their mind, create arguments based on fact, and think about topics from multiple perspectives.

What a Brain!  
Grades 7-9  8:15
Have you ever wondered how your brain learns? Does your brain learn the same as your parents, or your pet? Gain insight into the topic of learning and the marvels of the human brain through varied activities, stories, and articles. You will have a better understanding of how a species learns and what you can do to maximize your brain potential!

Psychology  
Grades 7-9  10:30
Why do people behave the way they do? Why do people pick the careers that they do? Is it possible to “train” your brain? Psychology is the study of the human mind and behavior. In this class, you will study the things inside and outside the brain that make people behave the way they do. You will even do some of your own research to discover the patterns of human behavior.

Visual and Performing Arts  

I Love Art!  
Grades 4-6  8:15
If your creative side needs something to do this summer, join us for I Love Art! Study the history of art and explore the artistic styles of several famous artists. You will use a variety of media to create your own portfolio of masterpieces. Get your palette and brush ready. The artist within you awaits!

Origami Basics  
Grades 4-9  1:10  JULY ONLY
Grades 4-9  10:30  JULY ONLY
Have you tried to do origami and ended up with a wad of paper? Origami is the Japanese word for paper folding. Learn the basics of origami and how to read an origami diagram, even if it is in Japanese! You will be folding paper into recognizable shapes in no time! Many types of origami will be folded, including creating with plastic pieces. Bring a shoe box or other similar sized container with a lid to store your origami creations.

Photomania  
Grades 4-6  8:15  JUNE ONLY
Grades 7-9  10:30  JUNE ONLY
Students will learn the basics of photo composition, what makes a good photograph, and tips and techniques on how to take great pictures. We will focus on the process of actually taking photographs, and we will also work with editing and post production ideas for photography. Students must have a digital camera to use for class.
Jewelry Making
Grades 4-9  8:15
Students will be introduced to the art of jewelry making in this class. Children are encouraged to explore their creativity and are introduced to interesting color and texture while improving hand eye coordination, small muscle development, and pattern making skills in a relaxed, fun environment! We will create beautiful jewelry to take home during each class. Students will be introduced to a range of age-appropriate jewelry making techniques using lots of tools.

Let’s Dance
Grades 4-9  10:30
This class is a perfect opportunity for boys and girls to expand their dance talent. No previous dance experience required! Participants will learn aspects of musical theater dance, contemporary dance, and jazz. Bring a labeled water bottle and wear comfortable clothing – no loose shorts, skirts, or midriff shirts. Dance shoes are optional. An informal presentation will be performed on the final day of the session.

Let’s Choreograph!
Grades 4-9  1:10
This class is for those interested in expressing themselves artistically through dance choreography. A sequence of exercises will be given to help access your individual creativity. Bring a labeled water bottle and wear comfortable clothing. No loose shorts, skirts, or midriff shirts. Dance shoes are not needed as participants will choreograph in bare feet. An informal presentation will be performed on the final day of the session.

Broadway Bound
Grades 4-6  8:15
Grades 7-9  10:30
Everybody knows there is no business like show business! So if you are interested in dancing, singing, or acting this performance class is for you! Find your strengths in performing while experiencing fun theater activities including improvisation, the body movements of pantomime, basic musical theater stage movements, and some intro into vocals. No experience is necessary, just the desire to have fun. Who knows, you may someday be Broadway Bound!

Let’s Sing
Grades 4-6  8:15
Grades 7-9  10:30
Join us for two weeks of singing! This will be an exciting opportunity to sing a variety of music, learn healthy vocal production, and improve your own singing voice. This summer’s session features a variety of musical styles, including popular and Broadway selections. You will get to keep some of the pieces that we sing. We will also have a final day performance to showcase all we have learned! Looking forward to singing with you!

Stage Struck
Grades 4-9  1:10
Are you struck by the desire to perform? Get in touch with your inner star by joining us for this beginning acting class, and prepare yourself for drama and the speech team. You’ll love focusing on the acting aspect of theater through skits, duets, monologues, and improv based on the television show Whose Line is it Anyway? No experience is necessary . . . just remember there’s no business like show business!

Acting for Beginners
Grades 7-9  8:15
Do you love to perform? Do you know how to tell a story that makes people interested? If you want to get on stage and make people laugh, cry, or gasp in surprise, this is the class for you! We will learn basic stage movement, pick small scenes and monologues to deliver, and learn the basic building blocks of acting. You don’t need to have acted before; you don’t need to know how to sing or dance (we will be performing non-musical pieces); you just need to be ready to act now!

If you are looking for something fun to do on Fridays when College for Kids is not in session

### Club CFK
Grades 4-9
3:15-5:00 pm
Meet in the Tranquility Room

### Friday Field Trips
Grades 4-9
8:30-2:30 pm
Friday, June 19
**Abraham Lincoln Presidential Library and Museum**
Friday, June 26
**Challenger Learning Center**
Friday, July 17
**Peoria Riverfront Museum**
Friday, July 24
**Rockin’ P Ranch Horseback Riding**
Drop-off at the CFK tent no earlier than 8:30. The ICC Cougar Bus departs at 8:45 a.m. and will return by 2:30 pm. All students registered for Friday field trips MUST ride the bus from the East Peoria campus to and from the field trip location. This is necessary for the safety of our students. Students will be supervised at all times. Parents must be able to pick up their children from the CFK Tent by 2:30 pm. Space is limited for all Friday Field Trips, so register early. Students must bring a sack lunch and a drink.

**Abraham Lincoln Presidential Library and Museum**

Friday, June 19  
Grades 4-9 • 8:30 am-2:30 pm  
$65 per trip

Travel with us to Springfield, Illinois to explore the hometown of Abraham Lincoln. We will tour the Abraham Lincoln Presidential Museum with its holographic and special effect theaters, interactive displays, and multi-media programs. There is also an 1861 reproduction of the White House. After our time at the museum, we will tour the Lincoln Home National Historic Site – the only home Lincoln ever owned. This historic field trip is a great way to spend a summer day! We will eat lunch at the museum and have an opportunity to spend some time in the museum gift shop.

**Peoria Riverfront Museum**

Friday, July 17  
Grades 4-9 • 8:30 am-2:30 pm  
$65 per trip

Come to the riverfront for a day of fun and learning! Our day will begin in the Giant Screen Theatre to watch *Mysteries of the Unseen World 3D*. You won't want to miss the fascinating film from National Geographic that peers into worlds within our own, making the invisible visible via advanced photography, science, and technology. From there we will attend a class on *The Electromagnetic Spectrum*. Then it's off to see *Dinosaurs in Motion*. This amazing blend of art, science, and innovation features 14 fully interactive, recycled metal dinosaur sculptures with exposed mechanics inspired by actual fossils. You control the action of the dinosaurs, including a 44-foot T-rex! We will eat lunch at the museum and spend some time in the museum gift shop.

**Challenger Learning Center at Heartland Community College**

Friday, June 26  
Grades 4-9 • 8:30 am-2:30 pm  
$65 per trip

Not many people can say they have discovered a comet or traveled to Mars and been back to Earth in time for lunch. Join us for a unique and exciting hands-on trip at the Challenger Learning Center. Our trip will take us on a Rendezvous with a Comet. You will be part of the Space Station crew and work with mission control to rendezvous with Comet Encke. You must determine a rendezvous point with the comet, conduct science experiments, and launch a probe into the comet's tail before the launch window closes.

**Horseback Riding at the Rockin’ P Ranch in Pekin**

Friday, July 24  
Grades 4-9 • 8:30 am-2:30 pm  
$65 per trip

Join us at Rockin’ P Ranch in Pekin for some horseback riding. Learn about horseback riding safety, ride a horse along a trail, and create a craft during your time at the ranch. All riders must be age 8 or older. Helmets are mandatory for children who ride. The ranch can provide helmets at no charge or riders can bring their own. Liability waivers must be completed and signed by parents/guardians for all children before the trip. It is recommended that riders wear long pants and a heeled shoe or boot. Absolutely NO flip-flops are allowed on rides. Also, please make sure to bring water for breaks and please bring a sack lunch from home for this trip. Don’t miss this opportunity to experience the great outdoors on horseback!

---

Space is limited for all Friday Field Trips, so make sure to register early!
Another Program at ICC for Summer Fun

ICC North Campus, Dogwood Hall, Room 102
Monday-Friday, July 6-10, July 20-24
8:30 am-5:00 pm
Grades 10-12

If your dream is to work in a professional kitchen, or you just love the idea of developing your cooking talent, than join Chef Charles this summer for a unique culinary experience. This intense, inspiring camp for young chefs builds the essential skills needed to conquer the kitchen. In five weekday sessions you’ll learn from the same instructors who train our adult career students. Each day is a true hands-on experience, beginning with your first lesson when you learn how to make basic sauces such as Velouté and Béchamel.

On Thursday, showcase your culinary skills as you prepare and serve lunch for yourself and two people of your choosing.

Friday will be spent touring Waugh Foods and a highly regarded local restaurant. A special chef’s lunch will be prepared for you to enjoy.

After the 25-hour course is completed, ICC Culinary Camp graduates leave with a new sense of culinary confidence, and the ability to make such dishes as balsamic vinaigrette grilled pork chops, salted caramel panna cotta, and more. Culinary Camp students will be provided with an ICC logo embroidered chef’s jacket, chef’s hat, towel, chef’s knife, and peeler. Supplies and uniforms are included in the tuition cost and are yours to keep.

You will be contacted by phone for uniform size information.

Cost of Culinary Camp including uniform and supplies - $499.00
